

# Ahmed Ifhaam

Software Engineer · .NET · Angular · .NET MAUI

ahmedifhaam1@gmail.com · +94 77 669 9609 · linkedin.com/in/ahmedifhaam · github.com/ahmedifhaam

---

## PROFESSIONAL SUMMARY

Software engineer with experience across backend, frontend, mobile application development, software architecture, and DevOps. Experience includes .NET, ASP.NET Core, Angular, .NET MAUI, Azure, SQL Server, DDD, CQRS, Clean Architecture, microservices and CI/CD.

---

## EXPERIENCE

### AgCode

May 2026 — Present

#### Software Engineering

- Worked on a .NET MAUI Android application.
- Contributed to backend/API engineering, user management, file management and knowledgebase functionality.
- Contributed to DevOps and onboarding activities.

### Arcadea Group / Arcadea LLC

May 2024 — May 2026

#### Consultant Senior Software Engineer

- Developed a .NET MAUI application from scratch with a small team.
- Designed and implemented a custom navigation framework to support multi-context/double-view navigation.
- Designed backend APIs supporting a mobile application.
- Led feature development, code reviews, performance optimization and coding standards.
- Contributed to architectural decisions and collaborated with product managers and cross-functional teams.

### Nagarro

Mar 2022 — May 2024

#### Senior Software Engineer → Associate Staff Engineer

- Mentored junior engineers, provided architectural guidance and upheld coding standards.
- Owned project deliverables, estimation, dependency management and client coordination.
- Created technical documentation and worked on performance, scalability and project risks.
- Developed backend functionality for a Gen AI chatbot supporting document-based answers, user management, file management and knowledgebase management.
- Designed RESTful APIs for care-home bed management and led the prototype API for medications management modernization.

### Zone24x7 (Pvt) Ltd

Jul 2019 — Mar 2022

#### Software Engineer → Senior Software Engineer

- Designed and developed ASP.NET Core microservices using DDD and CQRS on .NET Core 3.1 and .NET 5.
- Implemented Just-in-Time and Federated User Provisioning for IdentityServer4.
- Worked with Angular 8/9, NgRx, EF Core, SQL Server, SSIS/SSDT and T-SQL.
- Developed CI pipelines for custom NuGet libraries and APIs and integrated SonarQube analysis.

### HISP India

Sep 2017 — Mar 2019

#### Software Developer (Intern) → Consultant Software Engineer

- Worked on DHIS2 Android applications for different clients.
- Implemented Java Spring Boot APIs and enhanced AngularJS applications.

---

## OPEN-SOURCE CONTRIBUTIONS

- Apache DRAT PMC Member — contributed to project decision-making and improvements.
  - Ngx-input-Regulate — author of an Angular library for input validation and regulation.
-

## TECHNICAL SKILLS

**Backend:** .NET, ASP.NET Core, Entity Framework Core, REST/Web API, Java, Spring Boot

**Frontend:** Angular, AngularJS, NgRx, RxJS

**Mobile:** .NET MAUI, Android, DHIS2 Android

**Architecture:** DDD, CQRS, Clean Architecture, MVC, TDD, Microservices

**Data:** SQL Server, T-SQL, SSIS, SSDT, Azure Storage (Blob, Table)

**DevOps:** Azure DevOps, Git, CI/CD, SonarQube

---

## EDUCATION

**B.Sc. Hons in Management and Information Technology**

University of Kelaniya, Faculty of Science · 2015–2019

---

## CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals — 2020
  - MCSA: Web Applications — 2019
  - MCSD: App Builder — 2019
-
